

MEDICAL OFFICE DISPLAY AND STORAGE SOLUTIONS

PRODUCTS TO KEEP THE
HEALTHCARE INDUSTRY
ORGANISED

deflecto®

FROM CLUTTERED TO PROFESSIONAL

Clear reception areas

Reduce visual clutter and improve first impressions.

Better wayfinding

Help patients and visitors navigate with confidence.

Organise literature

Keep brochures, forms and handouts neat and visible.

Cleaner staff areas

Support cleaner, more organised shared work areas.

Professional presentation

Durable, ultra-clear construction creates a polished look in lobbies, waiting areas and clinical rooms. Flexible placement options make them a practical solution for a wide range of surfaces and layouts.

Discover our full range of display products designed for professional, functional spaces at www.jpbrands.com.au

Sustainability

As a market leader in display products, we are proud to offer a premium range crafted from recycled materials.

Our exclusive collection features six high-quality items from the Deflecto brand, including a variety of brochure holders and sign holders in different sizes. Selected clear products are made from at least 80% post-industrial recycled material, designed to make an impact and stand out on any shelf.

Deflecto products are internationally renowned for their style, quality and durability.

Under normal conditions, and without exposure to direct sunlight, our display products offer superior durability compared to glass. They are a lightweight, safe and cost-effective alternative.

Warranty

3-year warranty, subject to normal conditions and no direct sunlight exposure.

Why choose Deflecto?

Being in the industry for over 65 years, we have a strong understanding of what consumers need and continually meet industry demands.

Crafted from premium-quality materials, our display solutions offer a balance of elegant design and long-term value.

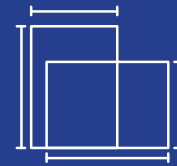

Fast, dependable delivery supports your business needs with reliable turnaround and minimal disruption to your workflow.

Single Tier Brochure Holders

Freestanding or Suction Wall Mount

Our Single Tier Brochure Holders offer a premium solution for displaying leaflets, pamphlets and brochures in clinical spaces, waiting areas and reception environments. Suitable for both countertop and wall-mounted use, they keep literature neatly organised, highly visible and easy to access. Crafted from durable, crystal-clear plastic, these holders deliver a clean, polished presentation suited to professional environments.

Attractive design enhances brochure presentation.

Constructed from high-quality, durable plastic, yet lightweight.

Available in portrait or landscape styles.

Multiple Tier Brochure Holders

Freestanding or Suction Wall Mount

Our Multiple Tier Brochure Holders are designed to display multiple literature pieces within a single, space-efficient format. Ideal for reception areas, waiting spaces, showrooms and public information points, they allow different brochures, forms and promotional materials to be presented together in a clear, structured way. The tiered design supports a broader, more informative display while maintaining a clean and professional appearance.

77865

How to interlock Lit-Loc units

BACK OF UNIT ▲
FRONT OF UNIT ▶

**INTERLOCKING UNITS
ATTACH TO WALL RAIL**

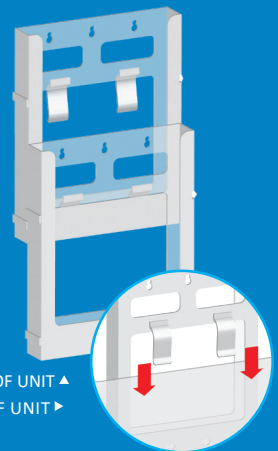

Place the unit above the wall rail and slide the outer hooks downwards to lock it into place.

FRONT OF UNIT ▲
SIDE OF UNIT ▶

**INTERLOCKING UNITS
HORIZONTALLY**

Locate the outer grooves of one unit and slide them into the inner grooves of the adjoining unit.

FRONT OF UNIT ▲
BACK OF UNIT ▶

**INTERLOCKING UNITS
VERTICALLY**

Position one unit above another and slide it downwards until the rear hooks lock securely into place.

Storage Organisers

Tilt Bin® Interlocking Multi-Bin

These multi-bin storage organisers are perfect for keeping small and medium-sized supplies neatly sorted and easy to find. They stack and connect using an interlocking dovetail feature to form a custom modular system. Mix and match different sizes to meet your storage needs. Transparent bins tilt out and stay open to allow easy identification and quick access to supplies. Bins can also be easily removed for cleaning and refilling. The Tilt Bin Organisers can be wall mounted or used on a countertop.

Practical organisation with everyday flexibility.

A modular bin system designed to adapt easily while keeping smaller supplies neatly contained and easy to access.

Storage Organisers

Stackable Caddy Organizer

Essential for carrying supplies with you or organising your space. The Stackable Caddy Organizer lets you stack, lock and carry multiple storage caddies using the unique lift-and-lock levers built into the handle. Each Stackable Caddy Organizer includes a frame and three removable plastic storage containers: 1 large, 1 medium and 1 small. Clear containers let you see items at a glance and are easy to remove from the caddy frame. Hinged, snap-tight lids keep items secure, but are easy to remove for easy access to your supplies. Use to organise bandages, ointments and creams, gauze, gloves, masks, scissors, tweezers or other medical supplies.

Stack on the Wall.

Caddy containers can hang on the wall using the wall mounting bar, keeping supplies easily accessible while freeing up desktop or countertop space for a clutter-free environment.
